

The AGM attendees are asked to approve or reject the following addition to the Constitution of the Postdocs of Cambridge (PdOC) Society:

*PdOC annually submits a short report concerning the Society's finances and activities, potentially including changes made to the constitution for ratification, to the Council Secretary to request approval of the Society's registration by the University Council for the next academic year. Further, if the Society's Senior Treasurer is to step down, the Council should be invited to appoint a suitable replacement. The Council decides on the criteria for said appointment and may ask PdOC for suggestions concerning criteria as well as potential candidates.*
