NOMINATION FORM

Election to PdOC Society Committee

Name: Joshua Batts
Department Name: Faculty of Asian and Middle Eastern Studies (AMES)
Department Address: Sidgwick Ave, Cambridge CB3 9DA
Telephone No: 07383 789428
@cam (or Partner Institution) email address: jb2288@cam.ac.uk
Committee role: President

Brief Summary of Skills/Experience you could offer the PdOC society:
(200 words max)
The information provided in this section will be published on the PdOC website.

I joined the society committee in Jan 2020, stemming from my role as the postdoctoral representative on the University’s Pension Working Group (PWG). I continue in that role into the present, helping to revise communication materials, presenting at informational events, and developing additional opportunities to inform the community. Since summer 2020 I have served as the society’s vice-president. In that capacity I have, along with the president, organized a meeting on the status and needs of the university’s postdoctoral organizations and reported these insights to the University’s Postdoctoral Matters Committee. Following the lead of the events chairs, I have also organized and participated in PdOC social events in spring/summer 2021. Going forward, I look forward to working with committee members, returning and new alike, to consolidate PdOC's core activities, pursue its core responsibilities, and continue to serve the wider community as a conduit of information, opportunity, and professional and social engagement.

Signed: Joshua Batts  Date: 8/8/2021

<td>Brief Summary of Skills/Experience you could offer the PdOC society:</td>
<td>Hi everyone, I am Ommar, a French-Mauritian immunologist working in the department of medicine. Having this dual cultural background makes me a very outgoing and social person. I love to make everyone feel comfortable. In terms of event management, I have previously participated in the organisation of my institute (CIRI, France) retreat and is currently organising social events for postdoc and PhD students of the CITIID. Eventually, my vision for PdOC would be to organise various events including pub nights, sport activities (running, hiking, cycling, punting), visits (museums, towns etc) and more in order to to allow postdocs of different departments/sites to meet with a particular focus to welcome new postdocs to Cambridge. The goal would be to infuse PdOC with energy and momentum so that we can grow again post-COVID-19 pandemic.</td>

Committee role: Finance Officer

Brief Summary of Skills/Experience you could offer the PdOC society: (200 words max)
The information provided in this section will be published on the PdOC website.

I currently have access to the PdOC bank account, so I am an appropriate fit for the finance officer. 😊 I am currently the finance officer, and so will continue this.

There has not been much need for a finance officer over the last year due the coronavirus restrictions that have affected activities. I hope that this can change over this next year to bring benefit to postdocs within Cambridge.

Election to PdOC Society Committee

Name: Roberta Palmulli
Department Name: Pathology
Department Address: Tennis Court Road, Cambridge, CB2 1QP
Telephone No:
@cam (or Partner Institution) email address: rp681@cam.ac.uk
Committee role: Communications officer

Brief Summary of Skills/Experience you could offer the PdOC society:
(200 words max)
The information provided in this section will be published on the PdOC website.
In the last year I have been part of PdOC Committee as Communications Officer and I would like to continue with the same role for 2021/2022. Previously, for two years, I had a similar role in the “Phd student and Postdoc association” of the institution in which I obtained my PhD. I believe that my previous experience and my meticulousness represent a good fit for the position of Communication role. This year, in addition to distribute the weekly newsletter, I would like to improve the social media presence of PdOC.

Election to PdOC Society Committee

Name: Nino Läubli
Department Name: Department of Chemical Engineering and Biotechnology
Department Address: Philippa Fawcett Drive, Cambridge CB3 0AS
Telephone No: +44 7927 368722
@cam (or Partner Institution) email address: nl431@cam.ac.uk
Committee role: Membership Officer/ Communication Officer/ Member without Portfolio
(whichever supports the aim and future directions of the committee)

Brief Summary of Skills/Experience you could offer the PdOC society:
200 words max
The information provided in this section will be published on the PdOC website.

For me as well as for many other postdocs starting at the university during the last months, the PdOC society has played an important role by offering regular coffee breaks and pub nights that allow to connect with new people. By joining the committee, I would like to give something back to the community and would be proud to be a part of this society to support the current as well as future postdocs of Cambridge.

Due to my recent arrival, my knowledge related to university policies or college affiliations is still rather limited. However, from previous positions, I can provide extensive experience in administration and communication. During the last couple of years, I've been responsible for managing classes with several hundred students as well as for representing the research group at science fairs and in national media. In general, I like to be well informed about the subjects I'm invested in, including many postdoc related matters, and would describe myself as well organised and reliable.

The information provided in this section will be published on the PdOC website.

I am Yvette and the current Researcher Development Officer. I would like to apply for the position of Vice-president in order to continue in creating and widening interactions within the postdoc community and with the University and University partners institutions, to develop effective networks and flexible support that responds to the needs of the postdoctoral community.

As the researcher development officer, I am responsible in planning and delivering events promoting professional development that requires coordination with various organisations within the institution. For example, my initiation of the upcoming Showcase of Research involves liaising with other PdOC committee members, the Postdoc Academy and university colleges. I have also helped with organizing and hosting social events, such as in-person coffee hours, for the PdOC and, my interest in developing effective networks also include networking at the national level. I will be serving as a co-chair during the National Postdoc Conference in September, hosted by the University of Liverpool. I believe that the skills from my current position, my ability in planning and providing general support and my contribution to promote networking fit the role and responsibilities of the vice-president.

**Brief Summary of Skills/Experience you could offer the PdOC society:**

(200 words max)

The information provided in this section will be published on the PdOC website.

My name is Marisa Oliveira and I have been working as a Postdoc in the Department of Pathology since January 2019. Later in August 2019, I joined the Events subcommittee and, in January 2020, I became the 2nd Social and Networking Events officer. Since then, I have been actively participating in the society and organized several events, as wine and cheese in Eddington, pub nights, Postdocs research talks, coffee hours and day trips. I'm also planning to organize more PdOC events through the year, some in collaboration with the Trinity Post-doctoral society, where I am a member. Given this, I would like to know if it would be possible to consider my application for Member without Portfolio. As member of PdOC and Trinity Postdoctoral society I have been gathering experience organizing events and contacting with several postdocs across the university. I believe I can be a proactive member, bringing new ideas and providing valuable help to the committee. Thank you all for the consideration.
